[1] The visitor-day is a new unit of measurement for recreation activity which the President's Advisory Council land. A visitor-day is one unit equal to an aggregate of 12 hours spent by visitors in recreation pursuits, this new system and measurement by visits as shown in previous Forest Service reports.

[2] Includes: Games and team-sports; nature study; gathering forest products for pleasure; viewing scenery,

[3] Includes 2,584,200 visitor-days that were not distributed to other activities because reports were received
